**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was previously using Comcast DSL service and switched to Sonic Fiber for a number of reasons:

- speed
- price points
- reliability

For years I was using Comcast, and tied AT&T as well, and these services did not work well. I was paying alot of money, for horrible service.

Then I saw an add for Sonic. I work from home a few days a week and having affordable, reliable, high speed connectivity is super important for me and my high-tech career.

I am concerned by any regulatory changes that would diminish competition and make is more challenging for small upstarts to compete.

Thanks for your attention into this matter.
